Increased tuition fee for students with insufficient credits left in their learning account (*)

(*) *Learning account: each student enrolled in a Higher Education institution of Flanders receives 140 credits in a learning account, which he or she can invest in an initial bachelor's or master's programme with the aim of earning the credits back. The Flemish Community only funds credits of students with sufficient credits within their learning account in initial bachelor's and master's programmes.*

Students with insufficient credits within their learning account will be charged extra: **€ 13,80** for the number of credits that is insufficient.

Remarks:

- No increased tuition fee is charged for students with a scholarship of the Flemish community.
- Students transferring from an academic study programme to a professional programme within the KU Leuven Association will not be charged an increased tuition fee (one – time offer).
- The Executive Committee of the KU Leuven Association (meeting of June 11th, 2021) approved a regulation for the elimination of financial thresholds- in case of reorientation, whereby in case of a reorientation within the KU Leuven Association, the fixed part of the tuition fee is waived by the institution to which the student reorients. For students with a scholarship of the Flemish Community, this involves the full (fixed) amount of the tuition fees, for which the student receives a certificate of reorientation upon deregistration from the first institution, which the student can present upon re – enrollment at the second institution.

Reimbursement of enrolment fees at the moment of premature deregistration

What happens if you decide to withdraw from your studies:

- If you deregister before the **November 1st**: the fixed amount is withheld as the administrative cost.
- If you deregister between **November 1st and March 1st**: the fixed amount is withheld as is the administrative cost + half of the fee per registered credit.
- **As of March 1st**: the complete registration fee is owed and there is no longer any refund.
