

Now what?

YOUR ENTIRE ACADEMIC CAREER

Some disability statuses are **automatic for your entire study career within LUCA and within the same program**: e.g. a status for ASD, ADHD, dyslexia, dyscalculia,...

If you have obtained a status for your entire academic career, you will only need to **apply for this status once**. Your accommodations will also be approved for the coming academic years. You can, of course, have them modified at any time if you wish.

Note: If you want to start another master's or educational master's program after your bachelor's, or you change programs within LUCA (e.g., from fine arts to Visual design), it is best to notify your special needs assessor. This change does not happen automatically.

TEMPORARY

Other statuses are **temporary** in nature and are **allocated every academic year** (e.g. student entrepreneur, caretaker,...) or **every semester** (e.g. working student with short-term contracts)

This means you must **reapply each academic year**, with the necessary supporting documents. Once approved, your accommodations will be discussed with your campus special needs assessor.
